

...another idea from Datamation Systems

STOP-LOCK™ ***NOTEBOOK SECURITY PACKAGE***

Model# DS-STOP-LOCK

Dell SKU# A1277098

Prevent walk-off thefts and enable the safe recovery of lost, stolen or misplaced laptops with Datamation Systems' notebook security package. This security package combines our locking cable and STOP security plate with an indelible tattoo into an integrated security tool that gives you double protection.

The ultimate benefit is that the STOP-Lock provides a multi-layered theft deterrent and helps you recover your valuable and sensitive data, reducing the risk of legal claims, further security breaches and potentially devastating public relations problems.

- * STOP-Lock makes computers police identifiable, eliminating resale value
- * Provides two modes of protection for the price of one
- * STOP security plate installs easily; lock snaps into plate
- * Locks your laptop in a second – just “Snap-It”
- * Locks without a key
- * Kit includes: six foot long, vinyl covered braided steel cable with loop, STOP security plate with barcode, indelible tattoo and lock connector, prep kit, keys and nylon pouch
- * Locks can be keyed-differently or master-keyed
- * Lifetime warranty
