

Sync and Charge Security Cabinet for Smart Phones and other Mobile Devices

Model #13399-MDM-SC-16U

Dell SKU #AB121175

Firmware update port

- Compact and durable steel enclosure houses a state-of-the-art universal 16-port USB hub (CE, ETL listed) powered by Cambrionix, the most respected leader in USB charge & sync technologies
- Can be used to charge and sync any iPod™, iPod Touch and iPhone™; as well as virtually any smart phone that charges with USB. Features unique future-proof, field-updatable firmware and the Cambrionix ChaSync+ simultaneous charge and sync when connected to a host.
- The Cambrionix API permits user-developed scripts for special applications that permit remote monitoring and access to connected devices, something no other hub provides
- Pull-out drawer supports a capacity of 16 smartphones with protective cases and/or attached scanners, external batteries or other peripherals
- Dividers are adjustable and removable; drawer bottoms have protective foam
- Power supply: 225W, 5V, 85~264VAC, constant current limiting circuit, overload/overvoltage/short circuit protection, all applicable safety approvals. Power supply is dual voltage 115/230 VAC. Power supply plugs into wall outlet with cord (provided).
- Includes a two-outlet power strip (110 US power only)
- Enclosure door locks via integrated key lock (2 keys per unit)
- Dimensions: 19.25"W x 22.375"D x 10.625"H
- Weight: 55 lbs.
- Can be bolted to tabletop or mobile base
- Optional cable bundles available or use your own
- Proudly made in the USA°
