

Tabletop Security Safe for Dell Latitude 11 Tablets

Model #DS-NETSAFE-C-8

Dell SKU #A7208336

The challenge: Protecting and re-charging tablets as they are being deployed in classrooms, libraries and training facilities. This tabletop safe takes up very little physical space and delivers an ideal storage and charging solution just where it is needed.

Secure: The DS-NETSAFE-C-8 has a very secure integrated locking mechanism, the hallmark of all Datamation Systems' products.

Charge: The DS-NETSAFE-C-8 simultaneously charges up to eight Latitude 11 tablets and plugs into a standard wall outlet. It contains one 8-outlet UL-listed power grid with block plug spacing for virtually any type of AC adapter.

Sustainable: The DS-NETSAFE-C-8 is made with recycled material where possible with an energy-efficient design. It is durable and adjustable, so it can change with new technology.
