Secure Charging Cart
for Notebooks or Chromebooks

Model #DS-UNIVAULT-36-PDC

Dell SKU #A8860626

Rear door: inside view of QUICK➔SET *cable management*

- Secures and charges up to 36 notebook PCs or Chromebooks (up to a 15" screen) on three shelves (12 per shelf), stored vertically
- Innovative and secure three-point locking system: simply *the most secure* cart of its type, *anywhere*
- Whisper quiet ventilation fan pre-installed
- Rear locking door with access only to the power strips and cabling; allows fast, easy, secure set-up
- Power supply bricks plug directly into IEC adapted outlets. This removes 108 feet of cabling, making the installation/integration of the cart quicker and neater than any conventional cart (QUICK➔SET).
- For devices that have higher power demands an electronic power distribution controller directs and regulates power with three zones, optimizing charging for available power (more sophisticated than a primitive timer)
- 36 power outlets; four always-on auxiliary outlets configured for any block plug use; single exit cord; external lighted on/off switch, IEC adapters included
- Molded cord wrap brackets for safety and convenience
- ABS fire-rated plastic dividers; removable and adjustable in ¼" increments
- Additional equipment can be placed on top
- ETL Listed for safety
- Four 5" medical grade wheels (4 swiveling; 4 locking)
- Color-coded keying for front and back compartments
- Weight: 171 pounds (empty)
- Dimensions: 24.5"W x 23.3"D x 45"H
- Slot dimensions: adjustable width, 17 ¼"D x 11 ½"H
- Proudly made in the USA°
